

10.1” HD Memory View Instruction Manual

Cautions

Precautions and maintenance

- For indoor use only
- To avoid risk of fire or electric shock, do not expose the unit to moisture or condensation.
- To avoid overheating, do not block the ventilation holes on the back of the Digital Photo Frame.
- Keep the Digital Photo Frame out of direct sunlight.
- Always use the eject buttons on the memory storage card slots to remove the storage cards.
- Do not dismantle the Digital Photo Frame. There is a risk of electric shock and there are no user-serviceable parts inside. Dismantling the Digital Photo Frame will void your warranty.

Cleaning the LCD Screen

- Treat the screen carefully. Because the screen of the Digital Photo Frame is made of glass and it would easily be broken or scratched.
- If fingerprints or dust accumulate on the LCD screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth to clean the LCD screen.
- Moisten the cleaning cloth with the cleaning solution and apply the cloth to the screen.

WARNING:

Please power off the unit before inserting or removing a card or USB device.

Failure to do so may cause damage to the card/USB and the unit. To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

This device is designed for private use only!

15. Troubleshooting Guide

If you have problems with your player, please consult both this guide and manual. If you need further assistance, please contact Technical Support.

- **No power:**

Please check whether the plug is inserted correctly.

- **Remote control no function:**

Please check whether the battery has power (the battery can be used for half a year in normal conditions). Replace with new battery if necessary.

- **Can not read the CARD or USB:**

Please confirm whether there is storage in the card or USB device. Empty devices cannot be read.

- **Can not play the file:**

Please confirm if the file format is compatible with the player.

- **Display too bright or too dark:**

Please adjust the brightness or contrast in the setup menu.

- **The color is light or no color:**

Please adjust the color and contrast setup.

- **No sound:**

Please check whether the volume is correct and the player is not in Mute mode.
